

RE CURRICULUM OVERVIEW

RE STATEMENT OF INTENT:

At St Peter and St Paul's RC Primary School, our school values, rooted in the gospel, permeate our curriculum, and individuals grow in the knowledge and love of Christ. Religious Education is central to our school life and our curriculum. We believe all individuals are made in the image and likeness of God, and we aim to grow and learn together in our understanding of God and the world He created. Our vision is for every member of our school community to strive to work together (home, parish and school) to inspire, challenge and educate every child, to accompany them in their journey to fulfil their unique, God-given talents within our society. We do this through a quality religious education with high expectations, firmly based on Gospel Values and living our life through the Word of God. In our Religious Education curriculum, we follow the teachings of the Catholic Church, and we celebrate and respect the rich cultural and religious diversity of our school. Our pupils reflect on their learning and the scriptures, and take this with them into their lives where they put love into action. They are encouraged to care for one another and our world, and to develop a sense of awe and wonder.
