## **Our Mission**

Our Trust Mission is simple, it is to make Christ known, making lives better for our communities, our children, and our young people.

## **Commitment to Equality**

We are committed to providing a positive working environment which is free from prejudice and unlawful discrimination and any form of harassment, bullying or victimisation.

We have developed a number of key policies to ensure that the principles of Catholic Social Teaching in relation to human dignity and dignity in work become embedded into every aspect of school life and these policies are reviewed regularly in this regard.

## Our Values

### Hope

Inspired by St Teresa of Calcutta, we are people of hope. We have a complete belief in the future we will build together. By offering our children, staff and schools' opportunities to grow and flourish, we make aspiration and ambition a reality. Our people, just like St Teresa are relentless and fiercely ambitious. We will always reach for that which seems to be just out of our grasp.

### Courage

As modelled for us by St Teresa of Calcutta, we will have the courage to do what is right. As a community, we will not shy away from making decisions that ensure our communities thrive. We will be brave in our actions. As a truly Catholic organisation this courage will be most apparent in how we collectively support the most vulnerable.

### Innovation

St Teresa of Calcutta changed the world. Together, we will always be pursuing new ideas and best practice in all areas of our work. We will prepare our children and young people for the world that awaits them. A world which they will shape and change.
